What is a FACULTY ADVISOR?

- A faculty mentor
- You’ll be assigned a faculty advisor who will help you stay on-track with course selections, internships, transfer issues, and other academic concerns.
- It is the student’s responsibility to stay in contact with the advisor.
Your Faculty Advisor can...

- Help you choose courses for the upcoming semester
- Provide you with academic and campus policies and procedures
- Monitor your academic success and overcome any setbacks
Your Responsibilities:

• Follow your faculty advisor’s advice and suggestions

• Meet with your faculty advisor *at least* once per semester

Placement Tests and Course Selection

The placements tests that you took will determine which Mathematics and English courses you will take during your first semester.

  - Tell your advisor if you have transfer credit.
- Take only 12-15 credit hours your first semester. In future semesters, take a heavier load as you become more comfortable with college courses.
Registration for Future Semesters

• Receive an email giving you the day that your "enrollment appointment" will begin.
• Meet with your faculty advisor to choose courses for the upcoming semester.
Orientation Classes

• GENSTDS 1201T
  - Navigation skills for college

KEEP IN MIND...

- Tutoring is supplemental to what you’re doing as an active, engaged student.
  - ex. going to class, taking notes, interacting with instructor in and out of class, studying on your own, utilizing all course materials (book, notes, Carmen, handouts, etc.)
  - It is not a substitute for these things.

- Tutors do not take the place of the instructor outside of class.
WRAPPING UP...
