Buckeyes ACT!
YOU can help prevent it by being an Active Bystander!

* Strive to create a **safe community** for EVERYONE (regardless of their identity).

* **Intervene** instead of standing by.

* **Take responsibility** for your reactions toward inappropriate behavior.

* **Don’t assume** that someone else will intervene.

* **Battle the Bystander Effect** – *in which the more people who witness an emergency event, the less likely anyone is to intervene.*
When you see something, **DO SOMETHING.**
When you hear something, **SAY SOMETHING.**

...when someone jokes about sexual assault

...when you hear degrading language

...when someone is pressuring or encouraging drinking & hooking up.

...when it seems like someone is trying to have sex without their partner's consent.

...when someone is getting ready to have sex with an intoxicated person.

...when you hear someone bragging about having sex with someone who was intoxicated. *Remember, someone who is severely intoxicated cannot give consent, no matter what s/he verbalizes. Sex without consent IS sexual assault.*
