Originally a Broadway play written by Christopher Demos-Brown, *American Son* is "a gripping tale about who we are as a nation, and how we deal with family relationships, love, loss, and identity" (americansonplay.com). Kendra Ellis-Connor is a psychology professor hunting for answers about her missing teenage son, Jamal who doesn't come home when he is expected.

MANRRS (Minorities in Agriculture, Natural Resources & Related Science) is a national student organization open to all students.
