BASIC INDUSTRIAL MAINTENANCE CERTIFICATES

The Ohio State University Wooster Campus offers training to build the skills of industrial and manufacturing technicians. Developed with industry input, to ensure relevance and effectiveness, these programs emphasize practical application and problem solving. Companies may be eligible for reimbursement, up to $2000, for each employee that completes a certificate in 12 months.

We are pleased to provide the following TechCred eligible certificate programs:

**Basic Electrical & Controls Certificate**

*Successful completion of the following courses is required*

- Basic industrial Electricity
- Industrial Motors & Motor Controls
- PLC I

**Basic Mechanical Certificate**

*Successful completion of the following courses is required*
